## CALIFORNIA FISH COMMISSIONERS.

The San Francisco *Post* last evening had the following:

"This morning again a line of Chinese fishing boats was stretched from Hunter's Point to shoal water on the Alameda side, and from boat to boat were nets, making a complete line across. Yesterday Italian fishermen were scraping the bottom of the bay near Long Wharf with peculiarly constructed nets, which a gentleman describes as having in the middle a sack with meshes so fine as to permit nothing but water to escape. As the nets were hauled in the smallest fish would be caught in these sacks, and bushels of them were thus captured, which were carefully washed and taken care of. It is in this way that the inhabitants of the water are destroyed, and at this rate the food fish will soon disappear. Where are the Fish Commissioners?"

Some papers like to find fault. Such journals are usually slow to praise. The *Post* pipes its little cry for the Fish Commissioners. It appears not to know that they draw no salary, and are not expected to act as special police. The California Fish Commissioners have devoted much time to their work. They have done a great deal to restock the depleted waters of California. The proofs of their devotion to their mission can be found in the lakes and streams throughout the State, from Shasta to San Diego and from Tahoe to the sea. They have labored with tongue and pen to create a healthy state of public opinion in regard to the protection of fish. And more, they have brought about the introduction of California fish into Eastern and foreign waters. Their work has benefitted not only California but the world. For this they have received praise and acknowledgment from the East and from abroad.

It is the duty of every man to see that the laws for the protection of fish and game are enforced. The *Post* must have made the quoted statements upon information and belief. Then why did not the *Post*, or its informant, cause the arrest of the offenders? But it was of course much easier for the *Post* to exhibit its ignorance and puerility, as it did.

An early poem of Tennyson's, written is his nineteenth year, has recently been republished in Boston. It abounds in fine passages, and shows unmistakable indications of something more than talent in its author. The melody of Tennyson's verse, which is one of its greatest charms, was early a marked feature of his poetry. The poem above mentioned is entitled "The Lover's Tale," and contains this beautiful passage:

"And like the all-enduring camel, driven
Far from the diamond fountain by the palms,
Who toils across the middle moon-lit nights,
Or when the white heats of the blinding noons
Beat from the concave sand; yet in him keeps
A draught of that sweet fountain that he loves,
To stay his feet from falling, and his spirit
From bitterness of death."

The women's walking match at Virginia begins at 1 o'clock on Saturday morning. A twenty-mile match for six men, for $50, commences Friday evening at 8 o'clock.

Col. Cole, formerly of Carson, is about to start an establishment at San Jose for the making of ice. A freight train with the necessary machinery is now on the way from the East.

An Austin young man took a young lady out for a drive last Sunday, but before he had gone a block his unskillfulness caused an upset and and a brilliant display of the latest style in long hosiery.

The Sherwin-Porteus combination was in Elko Monday night, where the engagement of Mrs. Murtha Porteus terminates. She will go east on her way to Italy to complete her musical education, says the Eureka *Leader*.

The profits of the operatic season in Eureka were just sufficient to enable Miss Sherwin to pay off debts contracted at Winnemucca and Reno, settle all bills honestly there, and leave enough to carry the party to Elko, the *Leader* says.

A search in the Virginia jail revealed a large jack-knife, ground to a dagger point; a case-knife, sharpened to a razor blade; another made into a saw; an opium pipe and opium. Also an opium pipe made by drilling a hole into an sodabottle.

The Eureka *Leader* chuckles: "The Lord is good to his chosen people. Plenty of water and no grasshoppers in this vicinity. The reverse is the case with the sinful communities elsewhere in the state." Yes, plenty of water—in your mines.

A large party of Eurekans are going to Bear River in Wyoming, for a vacation. The locality is described to be a perfect hunter's paradise, trout abounding in the streams, and bear, deer, antelope, grouse, prairie chickens and other game numerous.

A great volume of smoke was seen last Sunday, ascending from the summit of the Ravenswood mountains near Austin. Austinites are in doubt whether it was an indication of a coming volcanic eruption or a pillar of cloud to show them the way out of the wilderness.

A report reached here last night, says the Winnemucca *Silver State* of the 29th, that the Indians were on the war path on Crooked creek, some forty or fifty miles from Devine's ranch, in South-eastern Oregon. We have been unable to get particulars or to ascertain what depredations the Indians have committed.

Yesterday afternoon, says the *Chronicle*, Philip Deidesheimer, Superintendent of the Hale & Norcross mine, was arrested on complaint of A. B. Thompson, for refusing to allow the latter to inspect the mine, the complainant claiming to be a qualified stockholder. The defendant was brought before Justic Moses and the case set for Monday next.

The Eureka *Leader* states: "More rattlesnakes are to be seen on Prospect mountain and vicinity this year than were ever before known since the discovery of the mines. It is supposed that their activity is due to the scarcity of water, and that they gather in the localities where moisture is to be found." Plenty of rattlesnakes and scarcity of water. This makes a fine antithesis to "plenty of water and no grasshoppers."

Pure horn silver in chunks, worth from 50 cents to $1 each, has been found in San Gabriel canyon, Los Angeles county, by parties washing for gold.

## PACIFIC COAST ITEMS.

A party of 650 new Mormons arrived at Salt Lake a few days ago.

Malarial fever has appeared on the irrigated lands of Fresno county.

A $1000 nugget was picked up in Silver creek, near Ashland, Oregon, recently.

Squirrels have been very destructive to grain in the San Joaquin valley this season.

Rich placers are reported lately discovered near Mammoth City, at the headwaters of the San Joaquin.

The H. B.'s and Workingmen of San Mateo county have fused, and nominated a full ticket at Redwood City on the 28th and 29th.

Two brothers named Arthur got into an altercation at Sheep Ranch, Calaveras county, on the 23d, and one of them was shot in the lungs.

I. H. Thomas raised at Visalia this year, from one eye of a potato of the Victor variety, six potatoes weighing seven and one-half pounds.

Preliminary steps are being taken to begin suit against all companies discharging tailings into the Yuba river, and the city of Marysville is to be a party to the suit.

Four thousand head of cattle now on range in Butte Creek valley, Siskiyou county, have been sold to a party in Dutch Flat at $13 each. They will be driven to the head waters of the American river.

A fire at Kalama, on the 26, burned Paterson's hotel, the railroad saw mills and several adjoining buildings. Loss $75,000. Insurance unknown. No water could be procured, and it was only through the greatest efforts that the town was saved from complete destruction.

Says the Salt Lake *Tribune*: In some sections of Tooele county where the land has been irrigated by means of artesian wells, eighty bushels of wheat to the acre will be produced. As these wells can be had at comparatively small cost, no time should be lost in sinking them in every portion of the Territory.

General Boulton, of Los Angeles, well known in Southern California, was waylaid by three men, near San Gorgonio station, on the 27th, who tied him to a wagon wheel. He managed to shoot one, named John Wakefield, and wounded the two others, who fled. He then cut himself loose.

The California Raisin Company has a vineyard of 500 acres near Rocklin, in Placer county. The Company commenced operations about four years ago, but what was first an experiment is now a splendid success. Last year they shipped several car loads of raisins to the East, and it is estimated that their shipments this year will amount to 150 tons.

### A Confidence Man.

Eureka Leader of July 28th.

A fellow, whose operations stamp him as a petty swindler, has been doing Eureka for the past ten days, and incidentally scooping in a a number of citizens for small sums. He was a young fellow of pleasing address and good education, and represented himself as a special agent of the United States government, sent out by Schurz to examine into alleged unlawful cutting of timber on public lands. He claimed that he was stranded on the shores of impecuniosity, by reason of the dilatory action of the interior department, in withholding remittances due, and on the strength of this plea, and a plausible, persuasive tongue, borrowed small sums from different parties, aggregating in amount something like $300. He has disappeared, and has undoubtedly skipped to some other field. While here he sailed under the name of Herbert A. Scott, but will probably adopt some other alias at his next stopping place. Look out for him.

### Talk is Cheap,

And so are fine clothing, boots, shoes and gentlemen's and boys' fine furnishing goods, if you go to the right place to get them. This is a mighty important point, for some people who assert that they sell cheap do nothing of the kind. We do not boast when we say that we defy competition in prices in anything in our line. Besides this we have only one price. We have no preferred customers. Everybody is treated alike at our establishment. Our stock is the largest and most complete ever offered in any part of this state. Everything we have is new. No old, musty, and out-of-date goods can be found on our shelves. We receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of our prices, and examine our stock before going into those humbugging, Cheap John shops, in which they drum into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No storekeeper sells goods for the fun of the thing, we make a profit on everything we sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of deceiving the public. We particularly call attention to our full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods forms one of our specialties. Remember the place, the White House, No. 19 Commercial Row.

### The Song of the Gate.

When the twilight shadows fall, and the mosquito sings his lay by the moon's silvery ray, and the cat to his mate doth call, then the gay young man puts on his yellow tie, anoints his moustache with dye, and starts out to do the grand. He creeps to the gate, oh, so sly, and there in bliss he meets tender words and kisses sweet, which he catches most cheerfully; but out of the darkness creeps, of huge dimensions, a terrific hoof, and strikes the young man's rear, biff! The young man wildly shrieks, and flees at tremendous rate, while the old man mends the gate.

### An Insect Raid.

These warm evenings the residences near the river bank are invaded as the darkness falls by myriads of moths, salmon bugs, gnats, and beetles, to the great annoyance of their occupants. The insects block around gas jets and lamps in such numbers as to fairly darken the room. In the dark they do not give any trouble. The warm weather is probably the cause of their appearance in such swarms. The pests are confined to the immediate neighborhood of the river, houses at any distance from it not being troubled with them.

### The Women's Union Concert.

The concert of the Women's Temperance Union comes off at Kimball's Hall to-morrow evening. The programme will be excellent and well worth the price of admission. In view of the laudable efforts of the ladies of the Union to forward the cause of temperance, they should meet the appreciation of a liberal patronage.

### Mistook the Hero of His Story.

A certain rotund gentleman dropped into a lawyer's office the other day in a very limp and inarticulate condition from the excessive warmth of the weather. After looking slowly all around the room, his eyes settled upon the legal light with bleared gravity.

"Ever bin in P'kipsy?" he asked, struggling with a heat thickened tongue.

"Where?"

P'kipsy, N'ark."

"Poughkeepsie; oh yes, I have been there."

"'Member big hotel on the hill?"

"Yes."

"Used to stop there. Got inter bad scrape one night. Ole maid slep in room clos er mine, an one night I made m'stake an got in her room. Ole maid screamed, lanlord come, boarders rushed in, an all hans kicked me out."

"Why, M—," said the attorney, "that is exactly the experience of Pickwick.

"Tha'so?" Made 'nother m'stake—t'was Pickwick stead of me. Been readen Dickens, an was goin to tell you the joke on him. Made mistake, you know, an thought's me."

And overpowered with heat he dropped off into slumber.

### A Curious Telegram.

A dispatch was recently received for John Brown at the Prosser Creek telegraph office. It read: "Your cow will go by express to-morrow." This puzzled the operator and he had the message repeated, It came again as before. Just then Brown came in. "You're going to have a large parcel in the express to-morrow," remarked the operator. "Yes," said Brown, "my coat is coming up." The operator saw at once the cause of the mistake, and saying nothing more, made the dispatch read coat. The cause of the error was due to the similiarity between the telegraphic signs for w and at. The difference between them is very slight, and hence the amusing error.

### School Trustees' Meeting.

The school trustees held a meeting last night to determine which of the various plans laid before them for the new school house they would accept, but adjourned without finally settling upon anyone. They are waiting to get some information from architects, which they will obtain in a few days. As soon as that is obtained, proposals for bids will be advertised. When the trustees finally settle upon a plan, no time will be lost in inaugurating the work.

### The Town Pump.

The pump at J. K. Everett's store is a sort of Beersheba to the heated citizen during this frying weather. The water is always cold, clear and pure. and some one is there all the time getting a draught. Sometimes a dozen will collect there at a time, waiting to get a drink. The Good Templars ought to canonize Mr. Everett on account of that well. Its water makes one feel like saying, "Almost thou persuadest me to sign the pledge."

### Good Templars' Election.

The following officers were last night elected to serve Fidelity Lodge, I. O. G. T., the ensuing term: Worthy Chief Templar, E. W. Hayden; Worthy Vice Templar, Mrs. Jaques; Secretary, J. M. Flanagan; Financial Secretary, William Walrod; Treasurer, Mrs. W. D. Wagar; Marshal, J. D. Fleming; Inside Guard, Mamie Parker; Outside Guard, H. B. Cossitt. Installation next Tuesday evening.

### Grasshoppers In The Air.

Almost any clear day a person looking through a glass can see grasshoppers flying very high, looking like mere bits of white mist in the bright sunlight. They are often very abundant so high that they cannot be seen with the naked eye, or on a cloudy day even with a glass. Instead of being black specks as one would think they would, they seem to be perfectly transparent.

### Nearly Completed.

Lake & Beck's flouring mill is nearly ready to begin the grinding of grain. Every appliance has been brought into play to make the mill first-class. As the wheat produced in the valleys tributary to Reno is of the very best quality, the flour produced from it will be the finest kind of breadstuff.

### The Emigrant Held to Answer.

James Fleming, alias "The Emigrant," who was arrested at Winnemucca at the instance of Sheriff Walker for stealing a watch in Carson, had a preliminary examination at Carson yesterday. The evidence against him was very strong, and the judge held him to answer, with bail fixed at $2000.

### Open Air Dinner Party.

Mrs. N. J. Roff gave a rural dinner party yesterday, the table being set under a grove of trees in the yard. A small party of friends gathered round the social board, and passed a very enjoyable time. The spread was elegant, including all sorts of fruits and confections.

### Thermometrical.

## LEGAL NOTICES.

### Summons.

IN THE DISTRICT COURT OF THE Second Judicial District of the State of Nevada, in and for the county of Washoe. The State of Nevada sends to Ardeen Jones greeting: You are hereby required to appear in an action commenced against you as defendant by Jemima Jones as plaintiff in the Districtcourt of the Second Judicial District, and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this Summons, (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain a decree dissolving the bonds of matrimony heretofore and now existing between plaintiff and defendant. Plaintiff alleges: That plaintiff and defendant intermarried at Mono county, California, on or about July 29th, A. D. 1873, and ever since have been and now are husband and wife; that on or about September 9th, A. D. 1875, you, the defendant, willfully deserted and abandoned plaintiff, and ever since have so continued and do now so continue to desert, abandon and live apart from the plaintiff against her will, wish or consent; that for more than a year next preceeding the commencement of this action you, the defendant, have failed and neglected and now do fail and neglect to provide for the plaintiff the common necessities of life, which neglect is and was not the result of poverty on your part, which you could not have avoided by ordinary industry; that there are no children living of the issue of said marriage and no common property. Plaintiff prays to be restored to her maiden name and for costs, all of which will more fully appear from the complaint which is on file in the office of the clerk of said Court at Reno, in said county. And you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

SEAL. In testimony whereof I, P. B. Comstock, have hereunto set my hand and affixed the seal of said Court this sixth day of December, A. D. 1878.

P. B. COMSTOCK,

Clerk of the District Court of the Second Judicial District, Nevada, in and for Washoe county.

## WHY STAY POOR?

Prospecting often Pays; Idleness Never.

The millions of the Comstock were a lucky find. Worthless looking rock is often rich in treasure. At Leadville a simple assay made millionaires of many. Other bonanzas where least suspected await the coming of some unknown man. Who is he?

At Virginia City, Nevada, assays for Gold and Silver are made at $1.00 per sample, by CONRAD WIEGAND, formerly the Supervising Assayer of the U. S. Mint at San Francisco.

The mail will carry ore-samples to his office for one cent per ounce.

Reports which may be relied on absolutely, come back by return mail, or results are telegraphed when ordered so.

All costs, delays and risks in remitting money are avoided by the purchase of our Dollar Remittance Tickets, which pay for all work done in our establishment.

We sell these prepaid tickets at a discount, when $5 worth or more are ordered at one time.

Small sacks for mailing ore samples also for sale at a nominal price.
